

HOW TO TALK WITH SOMEONE WHO SHARES DISINFORMATION

Stay calm and listen with empathy first.

Do not attack or ridicule the person you are trying to convince.

Ask thoughtful questions.

Better to **speak positively** than negatively.

Even if it is tactful, it is necessary to **make the correction.**

Convince with simple but solid arguments. Don't overload with facts.

Choose well how and when to talk to that person. Better in person than by message. Better in a **one-on-one conversation** than in a group.

Be careful when talking to very **polarized people.**
